

Meetings | Clinical | Academy

From start-up to close-out, Scout helps your trials stay on track, your patients stick with it, and sites maximize their time and resources.

Who are we? The Scout team's dedicated to transforming clinical research by putting people first. Our mission: To enhance the health of all.

We started as Meeting Protocol, planning world-class clinical meetings, later expanding to add virtual trial management and patient support services.

Our rebranding to Scout in 2024 reflects our dedication to innovation and excellence in service.

We operate in over 100 countries, delivering high-touch, customized services to the life science industry.

Our team guides patients, sites, sponsors, and CROs every step of the way.

Meeting Planners: Strategic support for sponsors through organizing and managing Investigators' Meetings.

Patient Liaisons: 24/7 live and local, multilingual assistance and itinerary management for patients.

Academy Coordinators: Communication, training and compliance solutions for sponsors and sites.

SCOUT MEETINGS

No request is too large or too small.

End-to-end planning for face-to-face, virtual, and hybrid meetings kick-starts your study in the right direction.

SCOUT CLINICAL

Making it easier for patients to stick with it.

24/7 live support and personalized patient payment, travel, and logistics services because no one can afford patient drop-out.

SCOUT ACADEMY

Keeping your people on the same page.

A centralized platform for training and certification keeps your team engaged, aligned and audit-ready.
